

Be the one to save a life.

Be The MatchSM offers you the unique opportunity to give a life-saving marrow transplant to someone in need. Thousands of patients with leukemia and other life-threatening diseases depend on the Be The Match RegistrySM, the largest and most diverse registry in the world, to find a life-saving donor. We all have the power to heal, the power to help.

Take the first step. Join the registry.

Percentage of patients needing a marrow transplant who do not have a matching donor in their family.	70%
Number of patients per year whose only hope for a cure is a transplant from someone outside their family.	10,000
Number of patients searching the Be The Match Registry for a donor at any given time	6,000
Percentage of registry members who are of diverse racial or ethnic heritage	28%
Patients who receive the transplant they need. Barriers to transplant include lack of a matching donor, inability to pay the healthcare costs and other factors.	Less than 4 of 10

VITAL STATISTICS

The Be The Match RegistrySM
(7 million total)

Numbers, percentages and totals may not coincide due to rounding.

Because tissue types are inherited, patients are most likely to match someone of their own race or ethnicity. Registry members of diverse racial and ethnic backgrounds are especially needed, so every patient has the chance for a cure.
